| June 15, 2020 | First day of summer programming |

School Closures

- Tuition is billed on a monthly basis, and all school closings are taken into account as an average and days of attendance cannot be exchanged for days when school is closed. Please see tuition policies for more information.
- All programming will be closed for 1 week in December. 3-hour programming will be closed for an additional week in December. The Low Ratio Classroom will be closed for those same two weeks in December as well as an additional week in July.
- Closures for 3-hour programming include all children with 3-hour schedules, even if they are embedded into other classrooms.
- For the Low Ratio Classroom, if your child switched to a noon pickup time in their other room, your child would also be aligned to the 3-hour schedule. Therefore, morning programming would also be closed for both weeks in December, and only the morning programming would be available during the week in July.
- If your child is in ECE and part of another half day program (ADT or Family Place, NOT OT, speech etc.) then you can still come for the morning portion only when 3-hour only programming is closed
- One exception to the 3-hour closures is if your child receives respite services or private pay para professional services. You may still attend the 3-hour programming over the week in December (not low ratio programming). Please notify your child's teachers of any holiday travel or other absences from programming so that plans can be made accordingly.
- These closures help maintain better mental health and work-life balances for the teachers and staff. As we greatly want to retain and maintain our amazing teachers, we see these closures as important times for staff.
